PRAISE

eMail Prayer@FrontlineBible.com; call Rachel Heyboer at (616) 335-1932; or call or text Jennie Bair at (616) 890-3815.

**KEN LOOSE** has continued to make such great progress at Mary Free Bed he was expected to be released home this past Thursday. Please continue to lift him and Shelly up in prayer as they reestablish new parameters of "normal".

**CATHY PIERCE** underwent a thorough check of her legs this past week for blood clots, which she has experienced in the past. If she passes that evaluation, she will be meeting with a transplant team on Tuesday to begin the search for a kidney that is a medical match for her body. Please pray that God leads her team to just the right kidney asap, and that Cathy and Ron have peace with God's timing.

**KIM JOHNSON** will be having a cyst drained on her pancreas on Tuesday. Please pray this procedure provides some return of strength and energy which has been deteriorating greatly.

**DORIS HUFF** saw a heart specialist last Friday to help evaluate the extreme fatigue currently ruling her life. Her doctor was able to provide a small measure of relief from her leg pain by draining fluid. Please pray for answers to Doris' health issues, and for strength to endure through the wait.

**CHARLIE AND VENIIS MATTHEWS** were very disappointed when their house was not ready for them last week as expected, but have now moved back home as of Tuesday. Praise God with them, and continue to pray they can adjust quickly as a family to being home again.
