After just recently having a fire in their home which displaced them for some time, **VENIIS MATTHEWS** has now been diagnosed with thyroid cancer. She will be undergoing surgery as soon as her medical team can find a surgeon who can get her in quickly. She did receive awesome news that her lymph nodes do not show any sign of cancer involvement. Please pray for Veniis, Charlie and their twins, Aspen and Anataya, as they work through this difficulty.

**DORIS HUFF** continues to struggle with various health issues that her doctors now feel may be due to congestive heart failure. Please pray for Doris and her family as they manage symptoms and seek strength for each day.

Praise God that **KIM JOHNSON** had a successful procedure on her pancreas last week and the doctors did not find cancer in the fluid. Please keep Kim in your prayers as she trusts God with her health issues.

Hello ladies of the **WARM BLESSINGS MINISTRY!** We were blessed again by your wonderful donation. Our clients will be warm and will certainly feel cared for by your generosity. Blessings to you, from your friends at BCAC!
