If you noticed, we do not take an offering at Frontline. If you would like to partner with us financially, there are Giving Boxes at each exit from the Worship Center to allow you the opportunity to give after the service. If you would prefer to give electronically, visit FrontlineBible.com, click on “Online Giving,” and then follow the simple instructions. All gifts are tax-deductible.

- * Congratulations to John and Jen Baker on the birth of their daughter Brooklyn Marie born on May 31. Also, congratulations to Grandpa and Grandma Mattson. Please pray for this family including son Phenix as they all adjust to the demands and joys of newborns.
- * Please pray for Sona and Larry Gray as they grieve the loss of Larry's brother Carl last Sunday. Ask God to be a great source of comfort as they received the news not long ago that Carl had cancer and the cancer took his life much sooner than anticipated.
- * Glenn Noble received news that there is another spot of cancer in the lung that has not undergone surgery. Please pray for wisdom for his Doctors as they determine the best course of treatment and for freedom from fear for DeeDee, Glenn, and Kara and the rest of their extended family.
- * The Deppe family covets your prayers this coming week as their baby Brooklyn will be having heart surgery on Tuesday at 11:30am to fix two defects that have impacted her growth. Brooklyn is expected to be in the hospital 3-5 days. Please cover this young family in prayer as they deal with yet another health crisis, and step in to Be the Church!
- * Please continue praying for Glenn VanNortwick now dealing with a blood clot in his leg as well as continued treatment to clear up the severe infection that put him in the hospital for weeks. Also, please pray for his wife Amber who spends hours each day tending to his needs.
- * Kim Johnson received another difficult diagnosis recently when she was diagnosed with macular degeneration. Please pray that the medication and vitamins prescribed are successful in slowing the progress of this disease.
