

A large, ancient tree with thick, gnarled roots covered in moss and lichen. The roots spread out across the forest floor, which is covered in pine needles and fallen leaves. The background is a dense forest of green trees and foliage.

access to God through  
Christ.

# Your Challenge:

Your access to God came at a high cost—the life, death and resurrection of Jesus Christ. The best way to honor a gift from someone is to enjoy and use it.

So, take advantage of your access this week by talking with and meditating on Him often. It is our privilege.
