

**MYANMAR:** Pray for this beleaguered country already suffering from civil war and now the devastation from the severe earthquake. As the death toll rises, it's sobering to think so many have gone into a Christless eternity! Times are desperate as almost no infrastructure exists to deal with this crisis. As Amy Banac wrote: *People need the Lord!* Praise Him for keeping **Dan & Amy Banac** and **Gardner & Ledith Improso** safe! Pray for perseverance as they feel

overwhelmed by the massive challenges and the horrific suffering. Pray for opportunities to share hope and peace in Christ.

**THAILAND:** **Pat & Adel Arcino** experienced the quake on the 5th floor of a Bangkok building, but were able to make it out safely. Pray they can learn biblical terms in Thai through the local church they are attending. Pray for a suitable school for their kids who are missing social interaction. Pray for a long-term visa solution.

**♥TN♥M:** Rejoice that **Giram Bron** has arrived, found an apartment and is starting her year of language study. Pray for **Vincent Quiñones**, hospitalized twice for pancreatitis and gallstones. Their family is due for a 3-month furlough in the Philippines. Pray the required surgery can be done there and for provision to cover medical expenses.

**CAMBODIA:** Pray for continued safety for **Chetra & Julia Hong** visiting USA churches and supporters. Their heart's desire is to motivate more people to be actively involved in missions. Rejoice that the Lord is nurturing hearts in Cambodia for ministry in their absence.

**UGANDA:** Rejoice that **Villamor "Amor" & Lourdes Balino** have arrived, found an apartment and are settling in to work alongside **Roland & Beverly Improso**. The new year for ABGI and GTEAMS Bible training programs has commenced. Pray for a Bible Boot Camp and the launch of B.E.S.T. (Biblically Equipped Servants and Teachable Men) fellowship in April.

**ETHIOPIA:** **Reagan & Jemima Mejia** are progressing to Phase 2B of Amharic language study. Pray for Reagan teaching TCM doctrinal principles to 3 professional men willing to partner with TCM-Ethiopia.

**♥♥S:** The **Zabates** have begun training 4 students, holding evening classes 5 days per week. Pray that these young men will continue to learn and understand the message of grace, and grow into strong leaders, perhaps even dedicating their lives to pastoral ministry. **Roel & Donna** are excited to have a student living with them who has no English background, providing a wonderful opportunity to practice their Lao language skills.

**KENYA:** Congratulations to the 6 graduates of KGBI's 3-year theological program, and to Pastor **James Mutua** starting a 5-year term as Director of TCM's work in Kenya. Ask the Lord to use all of them in a mighty way to grow and

strengthen His church. Pray for a Youth & Children's seminar on the coast in mid-April.

**PHILIPPINES:** Pray for TCM-Philippines' 64th General National Annual Conference (GNAC) on April 22-25 with nearly 1000 Grace believers expected to attend. TCM International Director, **Ben Anderson**, will speak on *Partnership in Global Mission* the opening night.

**M'YSIA:** Rejoice that **Joel & Leah Sanders** have arrived, moved in and are already building relationships in their neighborhood! Praise for a homeschool co-op their kids can join. Pray for a long-term visa solution. Pray for **Pat & Michelle Kilgo** transitioning back to the USA to care for aging parents and support their children. Michelle arrived April 3rd. Pat will stay with Anna through her high school graduation and fly out in June. Pray for ways to stay involved in mission work. Pray for **Keith M** to be effective in his new role as PBC pastor

**INDONESIA:** Pray for preparations for the **Southeast Asia Grace Conference** in July. Thank the Lord, **Genesis Mara** is recovering well from his heart attack and his medical expenses have been fully covered through generous donations! He and Verna have resumed language study 3 days per week.
